

1/35 Cavenor Drive OAKDOWNS, TAS

## CONTEMPORARY VILLA

Upon entering you are greeted with an open plan living, dining and kitchen area. Whilst already a good size it is extenuated by the access through the glass sliding door to the rear deck.

Heading down the hallway are the sleeping quarters with the standout being the master suite including walk in robe and ensuite. Bedrooms two and three are also a good size with built in robes and serviced by the modern bathroom with separate bath and shower.

Treasured pets are considered upon application.

Completing the villa is the single lock up garage and additional parking for two cars.
